

TASTING ROOM ENTERTAINER & TOUR GUIDE (PART TIME POSITION)

WHY BE HALF FULL?

At Half Full Brewery, we're passionate about optimism. And we know that with a glass Half Full, you can't lose.

We are a mindset-first company. At the beginning of each day we look at our proverbial glass and ask ourselves two questions:

- How am I making the most of now?
- What am I looking forward to?

We then spend our day clarifying the answers to those questions for ourselves. To this end, our mission is to inspire people to be optimistic – in life and in beer (which happens to be our business). This defines everything we do, from the beers we brew, to the events we throw, to the people we hire.
